

Authorized Degrees and Programs

All academic programs of the University are approved by the Florida Board of Regents. The authorized programs are given the CIP (Classification of Instruction Programs) Discipline Codes. These codes represent a nationally used taxonomy for the classification of higher education discipline/degree programs. The list of authorized programs changes as new programs are added and deleted. The authorized list is included in the Addendum at the back of this Fact Book.

University majors are fields of study with areas of concentration, tracks or sequences. It is possible to have more than one major per authorized degree program. Major codes are internal FIU codes that apply to a college/school. Each major code has a CIP code for the authorized/approved program.

Count of 2000 - 2001 Majors/Programs/Tracks By Level By College / School

| | Level | | | | | | | | | | |
