

General Chemistry I
CHM 1045
Spring Semester 2004
Dr. Landrum (www.fiu.edu/~landrumj)

Office Hours: MW 11:00-12:00 am; or by appt.

Text: Chemistry, McMurry/Fay, 4th edition, Prentice-Hall (The solution manual can be purchased in the Bookstore and is also available on reserve in the Library.)

Week	M	W	F	Topics
January	5	7	9	Chapter 1, Introduction and Measurement
				Chapter 2, Atoms, Molecules, Ions
	12	14	16	Chapt. 2 cont'd., Chapter 3, Formulas, Eqns, Moles
	[19]	21	23	[<i>MLK day</i>], Chapt. 3 cont'd.
February	26	28	30	Chapter 4, Reactions
	[2]	4	6	Exam I , Chapter 5, Periodicity
	9	11	13	Chapt. 5 cont'd.
	16	18	20	Chapter 6, Ionic bonds
	23	25	27	[<i>Feb 28 drop deadline</i>] Chapt. 6 cont'd., Chapter 7, Covalent bonds
March	[1]	3	5	Chapt. 7 cont'd., Chapter 8, Thermochemistry
	8	10	12	Exam II , Chapt. 8 cont'd., Chapter 9, Gases
	15	17	19	Chapter 9, cont'd.
	22	24	26	Spring Break
	29	31		Chapter 10, Liquids, solids, gases
April			2	Chapter 11, Solutions,
	[5]	7	9	Exam III , Chapt. 11 cont'd.
	12	14	16	OPEN
			[23]	12:30 AM Comprehensive Final exam

{Final Examination: Fri. April 23, 2004 12:30 AM} this is tentative and will be confirmed later in the semester!}

This schedule is a tentative plan for the term and there may be some changes during the term in order to ensure that we cover all needed material prior to each examination.

Grades: There will be three in-term examinations (100 pts) and one final comprehensive exam (200 pts). No make-ups will be given. You must earn a passing score on the final exam to obtain a C or better in this course. The following distribution should be used to assess your progress during the course: C ≥ 70%; B ≥ 80%; A ≥ 90%.
