# Acknowledgments

This book represents the efforts of many individuals and many projects. We collectively thank the individuals and funding agencies that made this work possible. The Editors' own contributions were made possible with support from the National Science Foundation Division of Environmental Biology and International Programs, the NASA Earth Observing System, the Fundação de Amparo a Pesquisa do Estado de São Paulo, the Inter American Institute for Global Change Research, and the Andrew W. Mellon Foundation. We would particularly like to thank the reviewers of individual chapters: Dominique Arrouays, Robert Berner, Vladimir Elias, Christian Feller, Augusto Cesar Franco, Sana Gardescu, Jean Loup Guyot, Steven Hamilton, Robert Harrison, Dominique Irvine, Rod Keenan, George Klinge, Kirsten Laarkamp, Ariel Lugo, Flavio Luizao, Luiz Martinelli, Ernesto Medina, Michel Meybeck, Jose Natalino Silva, Jason Neff, Christopher Neill, Jorge Paolini, Walter de Paula Lima, Kathleen Ruttenberg, Miguel Simao Neto, Morgan Smidt, Boris Volkoff, Michael Williams, and Summer Wilson. We would also like to thank Nancy Blanton, Cristina Dumlao, and Madelyn Mateo for final preparation of the manuscript.
