

Student Medical Clearance Form

INSTRUCTIONS

The following form is for students that have traveled to countries affected by COVID-19 and are on the CDC's travel restriction list: <https://www.cdc.gov/coronavirus/2019-ncov/travelers/index.html>. The list of affected countries may change without notice. As of March 3, those countries include:

- China;
- Iran;
- South Korea;
- Italy;
- Japan; and
- Hong Kong.

Students that have traveled to these countries, or students that have been in close contact with someone who has traveled to these countries and start to have symptoms, are required to self-quarantine off-campus for at least fourteen (14) days. The Center for Disease Control (CDC) recommends the following [general care tips](#) –

- Stay home except to get medical care;
- Separate yourself from other people and animals;
- Wear a facemask;
- Cover your coughs and sneezes;
- Clean your hands often;
- Avoid all “high-touch” surfaces; and
- Monitor your symptoms.
- Email your faculty members and copy the FIU Student Ombudsperson at ombuds@fiu.edu to inform them of your requirement to stay home. Faculty members will work with you to coordinate completion of your course obligations.
- Take your temperature twice a day and keep a log using the table included in this PDF.
- If you *become symptomatic* (fever, cough, and shortness of breath are the most common) during the fourteen (14) day period -
 - Contact a medical provider immediately; or
 - For students without a local medical provider, you may call a [local Department of Health office](#). If you have symptoms, please note that you MUST call and schedule an appointment first. Walk-ins will not be accepted.
- If you *remain asymptomatic* after fourteen (14) days -
 - Schedule an appointment with your medical provider, or FIU Student Health Center at (305) 348-2401 if you do not have a medical provider. Ensure the following form is completed no more than three (3) days prior to your return to campus. Please remember to bring your temperature log.
